

BUSINESS DEVELOPMENT SERVICE CENTRE CONSULTANCY

Terms of Reference

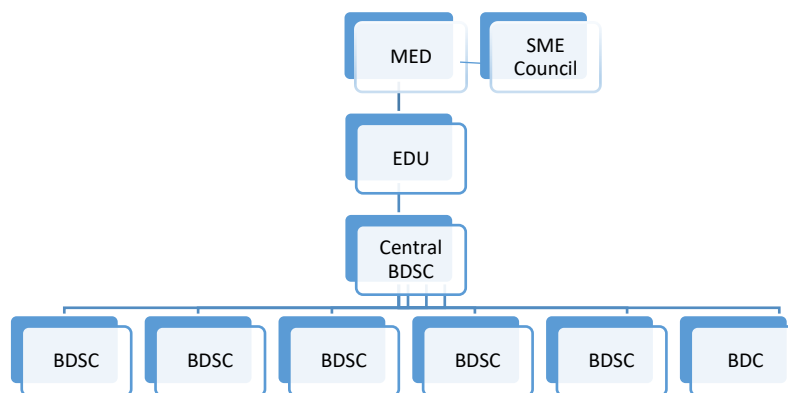

The Business Development Services Centre (BDSC) is defined as a business development Centre that provides a wide-range of business development services (BDS), common use facilities, and financial support services to assist and promote Micro, Small and Medium-sized Enterprise (MSME) growth in the Maldives. Establishment of the BDSC is an initiative of the Maldives, Ministry of Economic Development (MED). Establishment of a network of BDSCs is in line with the government strategy to support private sector development, specifically the promotion of the MSME sector, as an important component of government decentralization policy and supporting economic development opportunities and income growth outside of Male.

When fully operational, the Business Development Services Centres (BDSC) will include seven (7) provincial business centres including a Central BDSC stationed in MED, providing business development services to MSMEs throughout the country. The Central BDSC office, which provides management oversight of the BDSC, is already established in MED.

The Business Development Services Centre, or BDSC, will support government goals, strategies and priorities for achieving accelerated inclusive growth for broad-based and sustainable local economic development in the country by contributing to MSME sector development, increased job opportunities, expanded community participation in business activities, improved priority sector value chains, and a strengthened business environment conducive to broadening the country's economic base.

BDSCs will provide valuable BDS support to both new and expanding micro and small business enterprises in the Maldives. This support will include a wide-array of technical, business and related skills training services for small entrepreneurs and communities desiring to expand business enterprise activities as well as specialized technical, marketing, and financial support, including intensive business guidance and mentoring, for a select group of new business enterprises which meet business incubator program criteria for working closely with BDSCs through strategic partnership agreements.
