Where such procedures are not independent of the agency entrusted with the administrative decision concerned, the Party shall ensure that the procedures in fact provide for an objective and impartial review.
3. Each Party shall aim to ensure that measures relating to qualification requirements and procedures, technical standards, and licensing requirements and procedures are based on objective and transparent criteria, such as competence and the ability to supply the service, and are not more burdensome than necessary to ensure the quality of the service. Each Party shall ensure that licensing procedures are not in themselves a restriction on the supply of the service.
4. In determining whether a Party is in conformity with the obligation under paragraph 3, account shall be taken of international standards of relevant international organizations<sup>6</sup> applied by that Party.
5. In sectors where specific commitments regarding professional services are undertaken, each Party shall provide for adequate procedures to verify the competence of professionals of the other Party.

### **Article 78: Recognition**

1. For the purpose of the fulfilment of its relevant standards or criteria for the authorization, licensing or certification of service suppliers, and subject to the requirements of paragraph 3, a Party may recognize the education or experience obtained, requirements met, or licenses or certifications granted in the other Party. Such recognition may be based upon an agreement or arrangement with that other Party, or otherwise be accorded autonomously.

---

<sup>6</sup> The term "relevant international organizations" refers to international bodies whose membership is open to the relevant bodies of the Parties.

2. Where a Party recognizes, by agreement or arrangement, the education or experience obtained, requirements met, or licenses or certifications granted, in the territory of a non-Party, that Party shall afford the other Party adequate opportunity to negotiate its accession to such an agreement or arrangement, whether existing or future, or to negotiate a comparable agreement or arrangement with it. Where a Party accords recognition autonomously, it shall afford adequate opportunity for the other Party to demonstrate that the education or experience obtained, requirements met, or licenses or certifications granted, in the territory of that other Party shall also be recognized.

3. Any such agreement or arrangement or autonomous recognition shall be in conformity with the relevant provisions of the WTO Agreement, in particular Article VII:3 of GATS.

### **Article 79: Transparency**

1. Each Party shall publish promptly and, except in emergency situations, at the latest by the time of their entry into force, all relevant measures of general application which pertain to or affect the operation of this Chapter. International agreements pertaining to or affecting trade in services to which a Party is a signatory shall also be published.

2. Where publication as referred to in paragraph 1 is not practicable, such information shall be otherwise made publicly available.

3. Nothing in this Chapter shall require a Party to provide confidential information, the disclosure of which would impede law enforcement, or otherwise be contrary to the public interest, or which would prejudice legitimate commercial interests of particular enterprises, public or private.

### **Article 80: Monopolies and Exclusive Service Suppliers**

1. Each Party shall ensure that any monopoly supplier of a service in its territory does not, in the supply of the monopoly service in the relevant market, act in a manner inconsistent with that Party's specific commitments.

2. Where a Party's monopoly supplier competes, either directly or through an affiliated company, in the supply of a service outside the scope of its monopoly rights and which is subject to that Party's specific commitments, the Party shall ensure that such a supplier does not abuse its monopoly position to act in its territory in a manner inconsistent with such commitments.

3. The provisions of this Article shall also apply to cases of exclusive service suppliers, where a Party, formally or in effect:

- (a) authorizes or establishes a small number of service suppliers; and
- (b) substantially prevents competition among those suppliers in its territory.

#### **Article 81: Business Practices**

1. The Parties recognize that certain business practices of service suppliers, other than those falling under Article 80, may restrain competition and thereby restrict trade in services.
2. Each Party shall, at the request of the other Party, enter into consultations with a view to eliminating practices referred to in paragraph 1. The Party addressed shall accord full and sympathetic consideration to such a request and shall cooperate through the supply of publicly available non-confidential information of relevance to the matter in question. The Party addressed shall also provide other information available to the requesting Party, subject to its domestic law and to the conclusion of satisfactory agreement concerning the safeguarding of its confidentiality by the requesting Party.

#### **Article 82: Subsidies**

1. A Party which considers that it is adversely affected by a subsidy of the other Party may request ad hoc consultations with that other Party on such matters. The requested Party shall enter into such consultations.
2. The Parties shall review any disciplines agreed under Article XV of GATS with a view to incorporating them into this Chapter.

#### **Article 83: Payments and Transfers**

1. Subject to its specific commitments, and except in the circumstances envisaged in Article 84, a Party shall not apply restrictions on international transfers and payments for current transactions relating to its specific commitments.
2. Nothing in this Chapter shall affect the rights and obligations of the Parties under the *Articles of the Agreement of the International Monetary Fund*, including the use of exchange actions which are in conformity with the *Articles of the Agreement of the International Monetary Fund*, provided that a Party shall not impose restrictions on any capital transactions inconsistently with its specific commitments regarding such transactions, except under Article 84 or at the request of the International Monetary Fund.

## **Article 84: Restrictions to Safeguard the Balance of Payments**

Any restriction to safeguard the balance of payments adopted or maintained by a Party under and in conformity with Article XII of GATS shall apply under this Chapter.

## **Article 85: General Exceptions**

Subject to the requirement that such measures are not applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination between countries where like conditions prevail, or a disguised restriction on trade in services, nothing in this Chapter shall be construed to prevent the adoption or enforcement by a Party of measures:

- (a) necessary to protect public morals or to maintain public order;<sup>7</sup>
- (b) necessary to protect human, animal or plant life or health;
- (c) necessary to secure compliance with laws or regulations which are not inconsistent with the provisions of this Chapter including those relating to:
  - (i) the prevention of deceptive and fraudulent practices or to deal with the effects of a default on services contracts;
  - (ii) the protection of the privacy of individuals in relation to the processing and dissemination of personal data and the protection of confidentiality of individual records and accounts;
  - (iii) safety;
- (d) inconsistent with Article 74, provided that the difference in treatment is aimed at ensuring the equitable or effective<sup>8</sup> imposition or collection of direct taxes

---

<sup>7</sup> The public order exception may be invoked only where a genuine and sufficiently serious threat is posed to one of the fundamental interests of society.

<sup>8</sup> Measures that are aimed at ensuring the equitable or effective imposition or collection of direct taxes include measures taken by a Party under its taxation system which:

- (i) apply to non-resident service suppliers in recognition of the fact that the tax obligation of non-residents is determined with respect to taxable items sourced or located in the Party's territory;
- (ii) apply to non-residents in order to ensure the imposition or collection of taxes in the Party's territory;
- (iii) apply to non-residents or residents in order to prevent the avoidance or evasion of taxes, including compliance measures;
- (iv) apply to consumers of services supplied in or from the territory of the other Party in order to ensure the imposition or collection of taxes on such consumers derived from sources in the Party's territory;
- (v) distinguish service suppliers subject to tax on worldwide taxable items from other service suppliers, in recognition of the difference in the nature of the tax base between them; or

in respect of services or service suppliers of the other Party.

### **Article 86: Security Exceptions**

Nothing in this Chapter shall be construed:

- (a) to require a Party to furnish any information, the disclosure of which it considers contrary to its essential security interests; or
- (b) to prevent a Party from taking any action which it considers necessary for the protection of its essential security interests:
  - (i) relating to the supply of services as carried out directly or indirectly for the purpose of provisioning a military establishment;
  - (ii) relating to fissionable and fusionable materials or the materials from which they are derived;
  - (iii) taken in time of war or other emergency in international relations; or
- (c) to prevent a Party from taking any action in pursuance of its obligations under the *Charter of the United Nations* for the maintenance of international peace and security.

### **Article 87: Schedules of Specific Commitments**

1. Each Party shall set out in a Schedule the Specific Commitments it undertakes under Articles 74, 75 and 76. With respect to sectors where such commitments are undertaken, each Schedule of Specific Commitments shall specify:

- (a) terms, limitations and conditions on market access;
- (b) conditions and qualifications on national treatment;
- (c) undertakings relating to additional commitments; and
- (d) where appropriate the time-frame for implementation of such commitments.

---

(vi) determine, allocate or apportion income, profit, gain, loss, deduction or credit of resident persons or branches, or between related persons or branches of the same person, in order to safeguard the Party's tax base.

Tax terms or concepts in subparagraph (d) and in this footnote are determined according to tax definitions and concepts, or equivalent or similar definitions and concepts, under the domestic law of the Party taking the measure.

2. Measures inconsistent with both Articles 74 and 75 shall be inscribed in the column relating to Article 75. In this case the inscription will be considered to provide a condition or qualification to Article 74 as well.
3. Schedules of Specific Commitments are annexed to this Agreement as Annex 5.

#### **Article 88: Modification of Schedules**

1. A Party (referred to in this Article as the "modifying Party") may modify or withdraw any commitment in its Schedule of Specific Commitments, at any time after 3 years have elapsed from the date on which that commitment entered into force provided that:

- (a) it notifies the other Party (referred to in this Article as the "affected Party") of its intention to modify or withdraw a commitment no later than 3 months before the intended date of implementation of the modification or withdrawal; and
- (b) upon notification of a Party's intent to make such modification, the Parties shall consult and attempt to reach agreement on the appropriate compensatory adjustment.

2. In achieving a compensatory adjustment, the Parties shall endeavor to maintain a general level of mutually advantageous commitment that is not less favorable to trade than provided for in the Schedules of Specific Commitments prior to such negotiations.

3. If agreement under paragraph 1(b) is not reached between the modifying Party and the affected Party within 3 months, the affected Party may refer the matter to arbitration by an arbitration panel established following the same procedures as provided for in Chapter 13 (Dispute Settlement). Such an arbitration panel shall present its finding as to the ways to ensure that the general level of mutually advantageous commitments under this Chapter is maintained.

4. The modifying Party may not modify or withdraw its commitment until it has made the necessary adjustments in conformity with the findings of the arbitration in relation to the question of whether paragraph 1(b) is satisfied under paragraph 3.

#### **Article 89: Review**

With the objective of further liberalizing trade in services between them, in particular eliminating substantially all remaining discrimination, the Parties shall

review at least every 2 years, or more frequently if so agreed, their Schedules of Specific Commitments, taking into account in particular any autonomous liberalization and on-going work under the auspices of the WTO. The first such review shall take place no later than 2 years after the entry into force of this Agreement.

#### **Article 90: Committee on Trade in Services**

1. The Parties hereby establish a Committee on Trade in Services that shall meet on the request of a Party or the FTA Joint Commission to consider any matter arising under this Chapter.
2. The functions of the Committee shall be:
  - (a) to monitor the implementation of this Chapter;
  - (b) to propose agreed solutions in case a problem arises in relation to the implementation of this Chapter;
  - (c) to request and provide information about each Party's laws and regulations related to trade in services;
  - (d) to exchange information on the existing possibilities for each other's service suppliers to access each Party's market;
  - (e) to examine the opportunities and benefits for the Parties to improve and facilitate market access for each other's service suppliers;
  - (f) to propose and discuss suggestions to improve the functioning of this Chapter;  
and
  - (g) to execute other tasks assigned by the FTA Joint Commission.
3. The Committee shall consider the establishment of working groups as appropriate.
4. The Committee shall be co-chaired, and meet once every 2 years, unless otherwise agreed by the Parties. The Committee meetings may be conducted by any agreed method.
5. The Committee shall include representatives of the authorities of each Party with expertise in the sectors or areas to be discussed.
6. The Committee shall report on its work to the FTA Joint Commission.

**Article 91: Annexes**

Annexes 4 and 5 shall form an integral part of this Chapter.

## CHAPTER 9

### INVESTMENT

#### Section A: Investment

#### Article 92: Scope and Coverage

1. This Chapter applies to measures adopted or maintained by a Party relating to:
  - (a) investors of the other Party; and
  - (b) covered investments.
2. A Party's obligations under this Section shall apply:
  - (a) to all levels of government of that Party; and
  - (b) to any non-governmental body when it exercises any regulatory, administrative, or other governmental authority delegated to it by that Party<sup>9</sup>.
3. This Chapter shall not apply to measures adopted or maintained by a Party to the extent that they are covered by Chapter 8 (Trade in Services).
4. Notwithstanding paragraph 3, for the purpose of protection of investments with respect to the commercial presence mode of service supply, Articles 95 through 98, 102 and 103 shall apply to any measure affecting the supply of a service by a service supplier of a Party through commercial presence in the territory of the other Party. Section B shall apply to Articles 95 through 98, 102 and 103 with respect to the supply of a service through commercial presence.
5. For greater certainty, this Chapter does not bind a Party in relation to any act or fact that took place or any situation that ceased to exist before the date of entry into force of this Agreement.

---

<sup>9</sup> For greater certainty, governmental authority is delegated under the law of a Party, including through a legislative grant, and a government order, directive or other action transferring to the person, or authorizing the exercise by the person of, governmental authority. For greater certainty, "governmental authority" refers to the power that is vested in the government of a Party, such as the power to expropriate, grant licenses, approve commercial transactions, or impose quotas, fees, or other charges.

### **Article 93: National Treatment<sup>10</sup>**

1. Each Party shall accord to investors of the other Party treatment no less favorable than that it accords, in like circumstances, to its own investors with respect to the management, conduct, operation, and sale or other disposition of investments in its territory.
2. Each Party shall accord to covered investments treatment no less favorable than that it accords, in like circumstances, to investments in its territory of its own investors with respect to the management, conduct, operation, and sale or other disposition of investments.

### **Article 94: Most-Favored-Nation Treatment<sup>11</sup>**

1. Each Party shall accord to investors of the other Party treatment no less favorable than that it accords, in like circumstances, to investors of any non-Party with respect to the management, conduct, operation, and sale or other disposition of investments in its territory.
2. Each Party shall accord to covered investments treatment no less favorable than that it accords, in like circumstances, to investments in its territory of investors of any non-Party with respect to the management, conduct, operation, and sale or other disposition of investments.
3. Paragraphs 1 and 2 shall not be construed to oblige a Party to extend to the investors of the other Party or covered investment any treatment, preference or privilege by virtue of any bilateral or multilateral agreement relating to investment in force or signed prior to the date of entry into force of this Agreement.
4. For greater certainty, the treatment referred to in this Article does not encompass dispute resolution mechanisms or procedures, such as those included in Section B, that are provided for in international investment or trade agreements.

### **Article 95: Minimum Standard of Treatment<sup>12</sup>**

1. Each Party shall accord to covered investments fair and equitable treatment and

---

<sup>10</sup> For greater certainty, whether treatment is accorded in “like circumstances” under Article 93 or 94 depends on the totality of the circumstances, including whether the relevant treatment distinguishes between investors or investments on the basis of legitimate public welfare objectives.

<sup>11</sup> For the purposes of this Article, the term “non-Party” shall not include the following WTO members within the meaning of the WTO Agreement: (1) Hong Kong, China; (2) Macao, China; and (3) Separate Customs Territory of Taiwan, Penghu, Kinmen and Matsu (Chinese Taipei).

<sup>12</sup> Article 95 shall be interpreted in accordance with Annex 6.

full protection and security in accordance with customary international law.

2. For greater certainty, paragraph 1 prescribes the customary international law minimum standard of treatment of aliens as the minimum standard of treatment to be afforded to covered investments. The concepts of “fair and equitable treatment” and “full protection and security” do not require treatment in addition to or beyond that which is required by that standard, and do not create additional substantive rights. The obligation in paragraph 1 to provide:

(a) “fair and equitable treatment” includes the obligation not to deny justice in criminal, civil, or administrative adjudicatory proceedings in accordance with due process of law; and

(b) “full protection and security” requires each Party to provide the level of police protection required under customary international law.

3. A determination that there has been a breach of another provision of this Agreement, or of a separate international agreement, does not establish that there has been a breach of this Article.

4. For greater certainty, the mere fact that a Party takes or fails to take an action that may be inconsistent with an investor’s expectations does not constitute a breach of this Article, even if there is loss or damage to the covered investment as a result.

5. For greater certainty, the mere fact that a subsidy or grant has not been issued, renewed or maintained, or has been modified or reduced, by a Party, does not constitute a breach of this Article, even if there is loss or damage to the covered investment as a result.

#### **Article 96: Compensation for Losses**

1. Notwithstanding Article 100.3, each Party shall accord to investors of the other Party, and to covered investments, non-discriminatory treatment with respect to measures it adopts or maintains relating to losses suffered by investments in its territory owing to armed conflict or civil strife.

2. Notwithstanding paragraph 1, if an investor of a Party, in the situations referred to in paragraph 1, suffers a loss in the territory of the other Party resulting from:

(a) requisitioning of its covered investment or part thereof by the latter’s forces or authorities; or

(b) destruction of its covered investment or part thereof by the latter’s forces or

authorities, which was not required by the necessity of the situation,

the latter Party shall provide the investor restitution, compensation, or both, as appropriate, for such loss. Any compensation shall be in accordance with Article 97.2 through 97.4, *mutatis mutandis*.

3. Paragraph 1 does not apply to existing measures relating to subsidies or grants that would be inconsistent with Article 93 but for Article 100.3.

### **Article 97: Expropriation and Compensation<sup>13</sup>**

1. No Party may expropriate or nationalize a covered investment either directly or indirectly through measures equivalent to expropriation or nationalization (“expropriation”), except:

- (a) for a public purpose;
- (b) in a non-discriminatory manner;
- (c) on payment of compensation in accordance with this Article; and
- (d) in accordance with due process of law.

2. The compensation referred to in paragraph 1(c) shall:

- (a) be paid without delay;
- (b) be equivalent to the fair market value of the expropriated investment immediately before the expropriation took place (“the date of expropriation”);
- (c) not reflect any change in value occurring because the intended expropriation had become known earlier; and
- (d) be fully realizable and freely transferable.

3. If the fair market value is denominated in a freely usable currency, the compensation referred to in paragraph 1(c) shall be no less than the fair market value on the date of expropriation, plus interest at a commercially reasonable rate for that currency accrued from the date of expropriation until the date of payment.

4. If the fair market value is denominated in a currency that is not freely usable, the compensation referred to in paragraph 1(c) – converted into the currency of payment at

---

<sup>13</sup> Article 97 shall be interpreted in accordance with Annexes 6 and 7.

the market rate of exchange prevailing on the date of payment – shall be no less than:

- (a) the fair market value on the date of expropriation, converted into a freely usable currency at the market rate of exchange prevailing on that date, plus
- (b) interest at a commercially reasonable rate for that freely usable currency accrued from the date of expropriation until the date of payment.

5. Any measure of expropriation or the amount of compensation may, at the request of the investors affected, be reviewed by a judicial or other independent authority of the Party taking the measure as prescribed by the Party's laws.

6. This Article does not apply to the issuance of compulsory licenses granted in relation to intellectual property rights in accordance with the TRIPS Agreement, or to the revocation, limitation, or creation of intellectual property rights, to the extent that such issuance, revocation, limitation, or creation is consistent with the TRIPS Agreement.

7. For greater certainty, the mere fact that a subsidy or grant has not been issued, renewed or maintained, or has been modified or reduced, by a Party, does not constitute a breach of this Article, even if there is loss or damage to the covered investment as a result.

#### **Article 98: Transfers<sup>14</sup>**

1. Each Party shall permit all transfers relating to a covered investment to be made freely and without delay into and out of its territory. Such transfers include:

- (a) contributions to capital;
- (b) profits, dividends, capital gains, and proceeds from the sale of all or any part of the covered investment or from the partial or complete liquidation of the covered investment;
- (c) interest, royalty payments, management fees, and technical assistance and other fees;
- (d) payments made under a contract, including a loan agreement;
- (e) payments made pursuant to Articles 96 and 97;

---

<sup>14</sup> Article 98 does not affect each Party's ability to administer its capital account for the maintenance of the stability and soundness of its financial system, such as the foreign exchange market, stock market, bond market and financial derivatives market.

- (f) payments arising out of a dispute; and
  - (g) earnings and remuneration of a national of a Party who works in a covered investment in the territory of the other Party.
2. Each Party shall permit transfers relating to a covered investment to be made in a freely usable currency at the market rate of exchange prevailing at the time of transfer.
  3. Each Party shall permit returns in kind relating to a covered investment to be made as authorized or specified in a written agreement between the Party and a covered investment or an investor of the other Party.
  4. Notwithstanding paragraphs 1 through 3, a Party may prevent a transfer through the equitable, non-discriminatory, and good faith application of its laws and regulations relating to:
    - (a) bankruptcy, insolvency, or the protection of the rights of creditors;
    - (b) issuing, trading, or dealing in securities, futures, options, or derivatives;
    - (c) criminal or penal offenses;
    - (d) financial reporting or record keeping of transfers when necessary to assist law enforcement or financial regulatory authorities; or
    - (e) ensuring compliance with orders or judgments in judicial or administrative proceedings.
  5. In case of a serious balance of payments difficulty or of a threat thereof, a Party may temporarily restrict transfers, provided that such a Party implements measures in accordance with the *Articles of Agreement of the International Monetary Fund*. These restrictions shall be imposed on an equitable, non-discriminatory and good faith basis, and shall not exceed what is necessary to deal with such circumstances.
  6. For greater certainty, provided that such measures are not applied in an arbitrary or unjustifiable manner, and provided that such measures do not constitute a disguised restriction on international trade or investment, paragraphs 1 through 3 shall not be construed to prevent a Party from adopting or maintaining measures that are necessary to secure compliance with its laws and regulations, including those relating to the prevention of deceptive and fraudulent practices, that are not inconsistent with this Agreement.

## **Article 99: Performance Requirements**

The Parties agree that the provisions of the WTO *Agreement on Trade-Related Investment Measures* are incorporated *mutatis mutandis* into this Agreement and shall apply with respect to all investments falling within the scope of this Chapter.

## **Article 100: Non-Conforming Measures**

1. Articles 93 and 94 do not apply to:
  - (a) any existing non-conforming measures maintained within the territory of a Party;
  - (b) the continuation of any non-conforming measure referred to in subparagraph (a);
  - (c) an amendment to any non-conforming measure referred to in subparagraph (a) to the extent that the amendment does not increase the non-conformity of the measure, as it existed immediately before the amendment, with those obligations.
2. Articles 93 and 94 do not apply to any measure covered by an exception to, or derogation from, the obligations under Article 3 or 4 of the TRIPS Agreement, as specifically provided in those Articles and in Article 5 of the TRIPS Agreement.
3. Articles 93 and 94 do not apply to subsidies or grants provided by a Party, including government-supported loans, guarantees, and insurance.
4. Articles 93 and 94 do not apply to government procurement.
5. The Parties will endeavor to progressively remove the non-conforming measures.

## **Article 101: Special Formalities and Information Requirements**

1. Nothing in Article 93 shall be construed to prevent a Party from adopting or maintaining a measure that prescribes special formalities in connection with covered investments, such as a requirement that investors be residents of the Party or that covered investments be legally constituted under the laws or regulations of the Party, provided that such formalities do not materially impair the protections afforded by a Party to investors of the other Party and covered investments pursuant to this Chapter.
2. Notwithstanding Articles 93 and 94, a Party may require an investor of the other

Party or its covered investment to provide information concerning that investment solely for informational or statistical purposes. The Party shall protect any confidential business information from any disclosure that would prejudice the competitive position of the investor or the covered investment. Nothing in this paragraph shall be construed to prevent a Party from otherwise obtaining or disclosing information in connection with the equitable and good faith application of its law.

### **Article 102: Subrogation**

If a Party (or any statutory body, governmental agency or institution, or corporation designated by the Party) makes a payment to an investor of the Party under a guarantee, a contract of insurance or other form of indemnity that it has entered into with respect to a covered investment, the other Party, in whose territory the covered investment was made, shall recognize the subrogation or transfer of any rights the investor would have possessed in this Chapter with respect to the covered investment but for the subrogation, including any rights under Section B, and the investor shall be precluded from pursuing such rights to the extent of the subrogation.

### **Article 103: Denial of Benefits**

1. A Party may deny the benefits<sup>15</sup> of this Chapter to an investor of the other Party that is an enterprise of such other Party and to investments of that investor if a non-Party or persons of a non-Party own or control the enterprise and the denying Party:

- (a) does not maintain diplomatic relations with the non-Party; or
- (b) adopts or maintains measures with respect to the non-Party or a person of the non-Party that prohibit transactions with the enterprise or that would be violated or circumvented if the benefits of this Chapter were accorded to the enterprise or to its investments.

2. A Party may deny the benefits of this Chapter to an investor of the other Party that is an enterprise of such other Party and to investments of that investor if the enterprise has no substantial business activities in the territory of the other Party and a non-Party, or persons of a non-Party or the denying Party, own or control the enterprise.

---

<sup>15</sup> For greater certainty, a Party may deny benefits of this Chapter under paragraphs 1 and 2, including access to dispute settlement under Section B, at any appropriate time. Such denial may be made during proceedings under Section B, subject to the applicable arbitral rules.

## **Article 104: Essential Security**

Nothing in this Chapter shall be construed:

- (a) to require a Party to furnish or allow access to any information the disclosure of which it determines to be contrary to its essential security interests; or
- (b) to preclude a Party from applying measures that it considers necessary for the fulfillment of its obligations with respect to the maintenance or restoration of international peace or security, or the protection of its own essential security interests.

## **Article 105: Protection of Confidential Information**

Nothing in this Chapter shall be construed to require a Party to furnish or allow access to protected information or other confidential information the disclosure of which would impede law enforcement or otherwise be contrary to the public interest, or which would prejudice the legitimate commercial interests of particular enterprises, public or private.

## **Article 106: Measures to Safeguard the Balance of Payments**

1. In case of a serious balance of payments difficulty or of a threat thereof, a Party may restrict transfers, provided that such a Party implements measures in accordance with the *Articles of Agreement of the International Monetary Fund*. These restrictions shall be imposed on an equitable, non-discriminatory and temporary basis that shall be phased out progressively as such situation improves, and shall not exceed what is necessary to deal with such circumstances.
2. Any restrictions adopted or maintained under paragraph 1, or any changes therein, shall be promptly notified to the other Party.

## **Article 107: Prudential Measures**

1. Notwithstanding any other provision of this Chapter, a Party shall not be prevented from adopting or maintaining measures relating to financial services for prudential reasons, including for the protection of investors, depositors, policy holders, or persons to whom a fiduciary duty is owed by a financial services supplier, or to ensure the integrity and stability of the financial system.<sup>16</sup>

---

<sup>16</sup> It is understood that the term “prudential reasons” includes the maintenance of the safety, soundness, integrity, or financial responsibility of individual financial institutions or the financial system, as well as

2. Nothing in this Chapter applies to non-discriminatory measures of general application in pursuit of monetary and related credit policies or exchange rate policies.<sup>17</sup>This paragraph shall not affect a Party's obligations under Article 98.

3. Where an investor submits a claim to arbitration under Section B, and the disputing Party invokes paragraphs 1 and 2, the investor-State tribunal established pursuant to Section B may not decide whether and to what extent it is a valid defence to the claim of the investor. It shall seek a report in writing from the Parties on this issue. The investor-State tribunal may not proceed pending receipt of such a report or of a decision of a State-State arbitral tribunal, should such a State-State arbitral tribunal be established.

4. Pursuant to a request for a report received in accordance with the above paragraph, the financial services authorities of the Parties shall engage in consultations. If the financial services authorities of the Parties reach a joint decision on the issue of whether and to what extent the relevant paragraphs of this Article is a valid defence to the claim of the investor, they shall prepare a written report describing their joint decision. The report shall be transmitted to the investor-State tribunal, and shall be binding on the investor-State tribunal.

5. If, after 60 days, the financial services authorities of the Parties are unable to reach a joint decision on the issue of whether and to what extent the relevant paragraphs of this Article is a valid defence to the claim of the investor, the issue shall, within 30 days, be referred by either of the Parties to a State-State arbitral tribunal established pursuant to Chapter 13 (Dispute Settlement). In such a case, the provisions requiring consultations between the Parties in Article 146 shall not apply. The decision of the State-State arbitral tribunal shall be transmitted to the investor-State tribunal, and shall be binding on the investor-State tribunal. All of the members of any such State-State arbitral tribunal shall have expertise or experience in financial services law or practice, which may include the regulation of financial institutions.

## **Article 108: Taxation**

1. Except as provided in this Article, nothing in this Section shall impose obligations with respect to taxation measures.

2. Article 97 shall apply to all taxation measures<sup>18</sup>, except that a claimant that asserts

---

the maintenance of the safety and financial and operational integrity of payment and clearing systems.

<sup>17</sup> For greater certainty, measures of general application taken in pursuit of monetary and related credit policies or exchange rate policies do not include measures that expressly nullify or amend contractual provisions that specify the currency of denomination or the rate of exchange of currencies.

<sup>18</sup> For greater certainty, measures regarding tax preservation or punishment against illegal activities that are non-discriminatory and adopted or implemented for the purpose of levying or collecting taxes in a

that a taxation measure involves an expropriation may submit a claim to arbitration under Section B only if:

- (a) the claimant has first referred to the competent tax authorities<sup>19</sup> of the Parties in writing the issue of whether that taxation measure involves an expropriation; and
- (b) within 180 days after the date of such referral, the competent tax authorities of the Parties fail to agree that the taxation measure is not an expropriation.

3. Nothing in this Chapter shall affect the rights and obligations of a Party under any tax convention. In the event of any inconsistency between this Chapter and any such convention, that convention shall prevail to the extent of the inconsistency.
